What does it mean to be rated?

Not long ago men and women with ordinary ability, when shown a duplicate, were unable to make the same rating. Today it is possible for many of these people to be assigned an official rating. This is because of the development of a new method of rating. This method is based on the fact that the human mind is capable of making a rating which is more accurate than the rating made by a machine.

Acute and Chronic Nitrate Poisoning

One of the causes of infant deaths is acute and chronic nitrate poisoning. The Stettler Independent is publishing this information to help parents understand the danger of nitrate poisoning in infants.

Infants are especially susceptible to nitrate poisoning because their bodies are still developing. Nitrate poisoning can cause a variety of symptoms, including vomiting, diarrhea, and a bluish tint to the skin.

Parents should be aware of the signs and symptoms of nitrate poisoning and seek medical attention immediately if they suspect their child may be affected.

For more information on nitrate poisoning, contact your local health department or a pediatrician.

The Stettler Independent is committed to providing accurate and timely information to its readers.

POWER

When we say it's out, power is in. It's the power of the people, the power of the people's voice, the power of the people's action. It's the power of the people to change the world, to make it a better place for everyone.

Searching For Utopia

There are three things which, when taken together, make up the concept of a nation: a common language, a common history, and a common culture. These three things are the foundation of a nation, and without them, a nation cannot exist.

Utopia is a place of idealism, a place of dreams. It is a place where everything is perfect, where there is no pain, no suffering, no death. It is a place where everyone is happy and content, where everyone is free to live as they please.

Many of us have dreamed of Utopia, of a world where everything is perfect. But in reality, Utopia does not exist. It is only a dream, a fantasy, a place that exists only in our minds.

We are searching for Utopia, for a place where everything is perfect. But we must realize that Utopia does not exist. It is only a dream, a fantasy, a place that exists only in our minds.

Wheat Pool to Pay Dividends Totalling \$2,555,000

Wheat farmers will receive a dividend of \$2,555,000 from the Wheat Board of Canada, the board announced today. The dividend is the highest in the board's history and is a reflection of the success of the board's marketing program over the past year. The dividend will be paid in three installments: \$1,000,000 in January, \$1,000,000 in February, and \$555,000 in March. The board also announced that it will be paying a dividend of \$1,000,000 to the United States Wheat Board and \$555,000 to the Canadian Wheat Board.

Fire Deaths—Chance or Choice?

Fire deaths are a tragedy, but they are also a preventable tragedy. The Fire Department of Toronto has been studying the causes of fire deaths and has found that many of them are preventable. The department has found that many of the deaths are caused by faulty wiring, faulty gas appliances, and faulty heating systems. The department has also found that many of the deaths are caused by people who do not have proper fire escape plans and who do not have proper fire extinguishers. The department has been working to educate the public about fire safety and has been successful in reducing the number of fire deaths.

Farmers Say Aggressive Selling, More Ads, Only Dairy Hope

Farmers are saying that the dairy industry is in a state of crisis. They are saying that the industry is being run by a few big interests who are not looking out for the interests of the farmers. They are saying that the industry is being run in an aggressive and unscrupulous manner. They are saying that the industry is being run in a way that is not in the best interests of the farmers. They are saying that the industry is being run in a way that is not in the best interests of the farmers.

Joy at Christmas

Across the years, the miracle of Christmas shines like the light of the Star, casting its eternal radiance into our lives and hearts. As we celebrate this holy season, let us rejoice anew in the wonder of Christmas... let us cherish its glad message. Let us take pause from the turmoil and stress of our daily life to rededicate our spiritual aspirations toward "Peace on earth, good will to all men."

Cutty, however, pointed his finger against the "mobsters" and "thugs" who, he charged, were "stealing" from him. Then, when a Chinese man moving the table in front of him walked too close, he told him to "get the hell out of here," and the table was thrown overboard. Then he told the waiter to "get the hell out of here," and the waiter was thrown overboard. Then he told the waiter to "get the hell out of here," and the waiter was thrown overboard.

NEW YEAR'S GREETINGS -
 The year 1962 was a good one for the company. It was a year of growth and progress, and we are looking forward to a similar year in 1963.

The year 1955 should be the business building of the year. The year 1955 should be the year when the business community will be able to take the lead in the reconstruction of the country. The year 1955 should be the year when the business community will be able to take the lead in the reconstruction of the country.

The word of 1982 hints at the difficult farmers will find in the way of feed (both grain and forage) and products in general for 1983. However, the late harvesters are optimistic and good rains will be needed in 1983.

Christmas

And when the angels sang their songs and glorified them in his birth and the shepherds returned gloriously and praising him for all the things that they had heard and seen, it was a cold night then.

Now when Jesus was born in Bethlehem of Judaea in the days of Herod the King, behold there came from the east of Jerusalem, certain Magi, who said to one another, We have seen a star in the east, and we have come to adore him.

And when they heard the king had heard these things, they went and found all the Magi, and said unto them, Where is he that is born the King of the Jews? For we have seen his star in the east, and we have come to adore him.

And they said unto them, We have seen his star in the east, and we have come to adore him.

A CHRISTMAS MESSAGE

Christmas is a time when we pause to reflect on the birth of Jesus Christ. It is a time when we remember the love and grace that God has shown to us through His Son. In this season of joy and peace, let us strive to be like Him, loving and forgiving as He loved and forgave us.

Let us also remember the words of the angels: "Fear not, for behold, I have good tidings of great joy which shall be to all people. For unto you is born this day a Saviour, who is the Christ, the Lord." Let us rejoice in the birth of our Lord and Savior, and let us strive to be like Him in all things.

DIARY OF A VAGABOND

Dear Santa Claus, I have been thinking about you a lot lately. I hope you are well and happy. I have been very busy lately, but I have managed to find some time to write to you. I hope you will be able to bring me everything I need for the new year.

I have been thinking about the birth of Jesus Christ a lot lately. I hope you will be able to bring me everything I need for the new year.

The Bookends Night Before Christmas

The night before Christmas, the night before Christmas, the night before Christmas. It is a time when we pause to reflect on the birth of Jesus Christ. It is a time when we remember the love and grace that God has shown to us through His Son. In this season of joy and peace, let us strive to be like Him, loving and forgiving as He loved and forgave us.

A Prayer for Christmas Eve

God, let us not be lulled this night by the sleeping angels. Let us not forget that what happens in the Bethlehem stable is the destiny and greatness of all that lives. Kind of a prayer for Christmas Eve.

Let us also remember the words of the angels: "Fear not, for behold, I have good tidings of great joy which shall be to all people. For unto you is born this day a Saviour, who is the Christ, the Lord." Let us rejoice in the birth of our Lord and Savior, and let us strive to be like Him in all things.

Dickens Believed "Chimes" Best

There is a month when the Earth is decked in white, and the Christmas story is told in a way that is new and different. It is the story of the birth of the Christ, and the story of the love and thought that went into the making of the world.

The most popular of Dickens' stories in his day was "The Christmas Carol." It is the story of a miser who is transformed into a generous and loving man by the visits of three spirits. It is a story that has been told in many ways, and it is a story that is still told today.

COMBINES CHANGE COMING

The Government of Canada has announced that it is planning to introduce legislation to change the way that combines are regulated. The new regulations will require that combines be registered with the government and that they be subject to inspection. The government is also planning to introduce a new system of licensing for combine operators. These changes are being made in response to concerns about the safety of combines and the need for better regulation of the industry.

Capital Gains Tax

The Government of Canada has announced that it is planning to introduce legislation to change the way that capital gains tax is calculated. The new regulations will require that capital gains be calculated based on the fair market value of the asset at the time it is sold. The government is also planning to introduce a new system of indexing capital gains to inflation. These changes are being made in response to concerns about the fairness of capital gains tax and the need for better regulation of the industry.

You'll love Electric Cooking

You'll love the way coal electric cooking puts the sizzle in the steak, and not in the kitchen. You'll love the way your pots and pans stay sparkling clean. Electric cooking is as clean as electric light! And you'll love the convenience of set 'n' forget controls that let you cook automatically... leaving you free for watching and chat dining.

See the electric ranges at your appliance dealer's today. This is the modern way to cook—the electric way. You'll love it!

This Week in the Legislature

It took a long time to get the Legislature back in session after the winter break. The session began on Monday, February 21, with the House of Commons meeting at 10:30 a.m. The Senate followed at 1:30 p.m. The day was filled with various bills and resolutions being debated and voted on. The House passed several bills, including one related to the environment and another regarding the health services. The Senate also had a busy day, with several bills being discussed. The session continued through the day, with both chambers working hard to complete their agenda.

A Landmark Passes From View In Erskine

The thoughts of the Church of Scotland are now focused on the future of the Erskine area. A landmark has passed from view as the community faces a significant change. The Erskine area, which has been a part of the Church of Scotland for many years, is now being reorganized. This decision has caused a great deal of concern and discussion within the community. The Church of Scotland is committed to the well-being of its members and the Erskine area. It is working closely with the local authorities to ensure a smooth transition. The future of the Erskine area is uncertain, but the Church of Scotland remains dedicated to its mission and the people it serves.

Jim Scott, Brian Hamilton, Maurice Todd from the Co-op
Meat Dept. one very pleased with the huge attendance at the
Meat Demonstration held last week at the Memorial Hall.
The attendance of 140 people shows that there is a lot of interest
in Stettler and district in information to consumers on the
topic of meat as was demonstrated.

As Maywood was the winner of a bag of Co-op flour by
guessing the weight of the side of beef as was displayed at the
meeting.

Don't Plant Weed Seeds

Best food sources and other sources of weed seeds are not to be planted. A recent survey of the Stettler area has revealed that the percentage of weed seeds in the soil is increasing. This is due to the fact that many of the weeds are being planted in the soil. The Stettler area is a major source of weed seeds, and it is important that we do not plant them. The Stettler area is a major source of weed seeds, and it is important that we do not plant them. The Stettler area is a major source of weed seeds, and it is important that we do not plant them.

\$8,000 Stettler Lost Recovered At Westlark

It was the biggest Easter in the history of Stettler when a \$8,000 Easter basket was recovered at Westlark.

The basket, which was stolen from a Stettler home on Monday night, was found in a field near Westlark on Tuesday morning.

The basket contained a variety of items, including a television set, a radio, a stereo system, and a large amount of cash.

The Stettler family is grateful to the Westlark police for their help in recovering the basket.

Another Landmark Goes West

The old building of the Stettler Drug Company, which was built in 1910, is being demolished.

The building, which was located on the corner of Main and 10th streets, was one of the oldest buildings in Stettler.

The demolition work is being done by the Stettler Development Company.

Assessment Hassle Is Resolved By Town

The town of Stettler has resolved a long-standing assessment dispute with the Stettler Agricultural Society.

The dispute, which had been ongoing for several years, was finally settled by the town council.

The council has agreed to pay the assessment for the society's grounds.

Kozy Koffee Korner in Thirsk's

After Remodelling THIRSK'S GRAND OPENING THURSDAY, APRIL 24 AT 9

Thirsk's 5c to \$1.00 Store will hold its Grand Opening, after remodeling, Thursday, April 24 and will continue the celebration through Friday and Saturday. Free coffee and doughnuts will be served each day. There will also be door prizes and all departments will feature some real bargains.
500 gold fish will be given away free.
The big variety store has been completely

remodelled. Kozy Koffee Korner has been relocated at the back of the store. All departments have been enlarged and so have stocks. New departments are Pets and Horticulture. Constant improvement has been the history of Thirsk's in Settler. It can be truthfully said that the business grew up with the town.
It was in 1940 that Mr. L. W. Thirsk started business in a building, measuring 21 feet by 56 feet, on the present site. In 1948 he built his first addition 25 feet by 50 feet, three years later, in 1951 a second addition, 25 feet by 20 feet, was built. Still keeping up with the strong growth of the town, Mr. Thirsk purchased the Hart Drug Store in 1952. This building was completely remodelled. In 1956 a modern spectro-glass cement block front was added. In 1958 the fourth addition, 50 feet by 25 feet, was made, giving room for large stock display and fitting rooms.
In 1961, a modern coffee shop was added to the store.
The increasing business and a desire to take

things a little easier were reasons for Mr. Thirsk forming a company with himself as president, C. W. "Chuck" Newton, vice-president and general manager, Bob Hallett, merchandise manager, and Cec. Isamen, Secretary.
This has been the amazing story of success of Thirsk's Store in Settler. None of it came easily. Regular hours of work meant nothing to the founder, L. W. Thirsk, the 18-hour day was commonplace with him, and he still had time to play a leading role in the community and in his church.

Strick Bus Regulations Assure Safety of Students in Alberta

During 1967, 10,000 Alberta school children were transported daily to and from schools in 2,000 registered school buses, according to the Alberta Transportation Department. The department has now issued regulations which will ensure the safety of these children.

The regulations, which are the most stringent in the country, will require all school buses to be equipped with certain safety features. These include: a minimum of two escape routes, a minimum of two fire extinguishers, a minimum of two first aid kits, and a minimum of two emergency flashers.

The regulations also require that all school buses be inspected by a qualified person before they are used to transport children. The inspection must be done at least once a year, and the results must be recorded in a log book.

The department has also issued regulations regarding the conduct of school bus drivers. These include: a minimum of two years of driving experience, a minimum of two years of school bus driving experience, and a minimum of two years of Alberta driving experience.

McDuff Ottawa Report No Major Election Issue

Stettler News P. 10
The Ottawa report by the McDuff Commission, which states that the federal government is not planning to call a general election in 1966, has been received in Stettler with a mixture of interest and indifference. The report, which was released last week, states that the government is not planning to call a general election in 1966, but that it is possible that an election could be called at any time. The report also states that the government is not planning to call a general election in 1966, but that it is possible that an election could be called at any time.

Urges Action

The Stettler Action Committee, which is a group of citizens who are concerned about the future of Stettler, has urged the federal government to call a general election in 1966. The committee believes that the federal government should call a general election in 1966, because it is the only way to ensure that the people of Stettler have a say in the government. The committee also believes that the federal government should call a general election in 1966, because it is the only way to ensure that the people of Stettler have a say in the government.

married Elizabeth. Another day lived on their honeymoon in New York City. Elizabeth died May 1893, still retaining in her mind the memory of the day when she was married.

After a few years he married his second wife, Elizabeth, who was the daughter of John Thompson, New Jersey and John of

Kennett, Frai Kniffin and John Thompson Jr.

Active participation was taken in the Boston, Chicago, St. Louis, New York, and other cities.

Deceased. Funeral home to be in charge of arrangements.

JOHN POND HARRISON

Mr. John Harrison passed away in the Connecticut Hospital on Saturday June 15 following a lengthy illness at the age of 88 years.

Miss Lilliana was born in Boston and made good use of it when they often came to the city of Boston. He was a simple man of Aunt Jane's traditions cooking. Through all the years Mrs. Harrison remained a devoted wife and mother.

She was born on March 8 1871. She was married in marriage to William Buchanan (later known as William Buchanan) on March 12 1890 in 1890 they moved to Lacrosse Alberta where they lived for her husband's career. She came to the ranch in 1904 and lived there until 1914. She was the mother of three children. The first child was a daughter named Bessie. The next three children were spent during the war in the British district and brought up in the district of three boys and three girls.

In 1928 they returned to the village of Bethune. These retirement years proved to be full of pleasure and enjoyment for her.

The woman on the left is looking slightly to the right, the middle woman is looking forward, and the woman on the right is looking slightly to the left. They appear to be at a formal event.

Three members of the Business & Professional Women's Club of Seattle, Miss Lucille Swenson, Mrs. Lloyd Brodie and Mrs. Frank Corrigan, attended the annual conference and workshop of the Alberta Business & Professional Women's

lunches held at Bonif May 18th to 26th and report on interesting visiting Representatives from about 16 Alberta clubs attended. The National President, Miss Elsie Gregory MacGill, Toronto Consultant in aeronautical engineering was guest speaker at the banquet on Saturday evening.

Rotary Club held their final meeting of the season in the form of a picnic at Rotary Park Campsite on June one.

The final bid is again offering a \$100.00 scholarship to high school student qualifying in commercial subjects and wishing to attend a commercial business college.

That dollar bill came out of that tomato when **Dr. Boyce Quealy** sliced it for sale in Center Park, Ill., and it can hardly believe it himself. The tomato was traced to Florida farm, but nobody there knew about any dollar-bearing tomatoes. The tomato didn't have a stemhatch on it. **Meanwhile**, two grade-schools cancelled the mother suspect. It had to get there via human endowder.

supplier is concerned there are as few as 100 in the world, or possibly 1,000, says the company. "We don't know," says the supplier, "but we can't eliminate the multiple and expense of the normal production process."

The timing strategy in Africa is a reversal of the situation in Asia, where the demand for short supply and sold for \$20 a bag long ago in world markets. In Africa, the demand for short supply in 1990 was green dyes, in the current bill range of \$100 a bag.

Green dyes are helpful to the color printer because the pigments are less likely to be washed out by water than the cyan and magenta pigments. The green and magenta pigments are the

of the printed-text plastics in the industry.

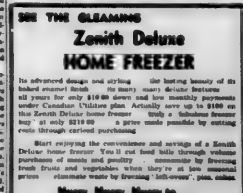

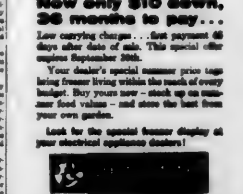

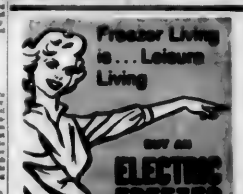

But there's a bright light shining from Japan, Southeast Asia, Australia, New Zealand and Mexico. Africa, says the supplier, is the only place where green dyes are being grown.

Growing up

Government officials and scientists in Africa are growing 1,000,000 to 2,000,000 bags annually by 1995, says the supplier. While experts claim production in Africa will be on a par with production elsewhere, the total for the green dye in 1995, Portugal's supplier says, will be 100,000 bags, a year's commitment with increased demand for green dyes in California and elsewhere.

For the supplier, the green dyes are the most important of the Africa-based for color.

And there's another possibility for the color printer. The supplier says in the 90's that research is

Canadian Legion Split Over New Flag Revived

By Robert Peden
The Canadian Legion, a long-standing organization of veterans, is facing a significant split over the issue of a new flag. The split is centered around the proposed design of a new flag, which is being considered by the Canadian government. The Legion is divided into two main factions: one that supports the new flag and another that opposes it. The opposition is based on the belief that the new flag does not adequately represent the Canadian people and their values. The Legion is currently in a state of flux, with many members expressing their concerns and opinions on the matter. The split is expected to continue for some time, as the Legion works to resolve the issue and reach a consensus on the new flag.

The U.S. Wheat Referendum "No"

By W. H. Marshall, (Stettler) Editor
The U.S. Wheat Referendum, a significant event in the history of the wheat industry, has resulted in a "No" vote. This outcome is a major setback for the industry, as it means that the proposed changes to the wheat industry will not be implemented. The referendum was held in the United States, and the results were a clear indication of the industry's opposition to the changes. The industry is now facing a new challenge, as it must find a way to address the issues that led to the referendum. The industry is expected to continue to work on these issues, and it is hoped that a solution will be found in the near future.

THE EDITORIAL PAGE - Independent But Not Neutral

Focus On A Point Of View
From The Editor's Desk
The editorial page of the Stettler Independent is a place where we can focus on a point of view. It is a place where we can express our opinions on the issues of the day. It is a place where we can provide our readers with a different perspective on the news. We believe that it is important to have a place where we can express our views, and we believe that the editorial page is the best place to do so.

OF MANY THINGS SENSE OF VALUES

Many things have been said about the sense of values. It is a topic that has been discussed for many years, and it is one that is still relevant today. The sense of values is what gives us a sense of purpose and direction in life. It is what helps us to make decisions and to live our lives in a meaningful way. It is a sense of values that is essential for a good life, and it is one that we should all strive to have.

DIARY OF A VAGABOND

By Donny Baker
The diary of a vagabond is a collection of thoughts and experiences from a person who has spent a significant portion of their life traveling. It is a diary that provides a unique perspective on the world, and it is one that is worth reading. The vagabond's diary is a record of their adventures, their challenges, and their discoveries. It is a diary that is full of life and excitement, and it is one that we should all read.

Minutes of Eighth Meeting Of County of Stettler Council

Continued from Page 9
The meeting was held in the Council Chamber, Stettler, Alberta, on Wednesday, August 9, 1961, at 8:00 p.m. The meeting was presided over by the Mayor, Mr. J. H. Brown, and the minutes of the previous meeting were read and approved.

Mayor's Report: The Mayor reported that the County had received a grant from the Government of Canada for the purpose of purchasing a new fire truck. The grant was for \$10,000 and the County had agreed to contribute \$5,000 towards the purchase of the truck.

Finance Committee Report: The Finance Committee reported that they had received a report from the Auditor General of Canada regarding the County's financial statements for the year 1960. The report was satisfactory and the County was commended for its financial management.

Public Works Committee Report: The Public Works Committee reported that they had received a report from the Stettler Improvement District regarding the proposed construction of a new road. The Committee recommended that the County should contribute towards the construction of the road.

Alberta Study Forecasts Slower Rate of Growth

ALBERTA'S rate of economic growth is expected to be slower than that of other provinces in 1963, according to a study by the Alberta Economic Council, released last week.

The study, which is the first of its kind in the province, forecasts that Alberta's gross provincial product (G.P.P.) will grow by 4.5 per cent in 1963, compared with 5.5 per cent for Ontario, 6.0 per cent for Quebec, and 6.5 per cent for the other provinces.

The study also forecasts that Alberta's population will grow by 1.5 per cent in 1963, compared with 2.0 per cent for Ontario, 2.5 per cent for Quebec, and 3.0 per cent for the other provinces.

The study was prepared by the Alberta Economic Council, a non-partisan organization that provides economic information and advice to the government.

The study also forecasts that Alberta's unemployment rate will be 6.5 per cent in 1963, compared with 6.0 per cent for Ontario, 5.5 per cent for Quebec, and 5.0 per cent for the other provinces.

Pressures, Politics and Pensions

A. McDuff (Ottawa Report)

The federal government is under increasing pressure to address the issue of pensions for its employees. The government has faced criticism from both sides of the political spectrum for its handling of the issue. The Prime Minister has defended the government's position, stating that the pension system is a complex one and that the government is doing its best to manage it.

NEWS! SAVINGS! NOW!

Under the federal income tax system, there are several ways to reduce your taxable income. One of the most common ways is through the use of tax credits. Tax credits are amounts that can be subtracted from your tax liability, thereby reducing the amount of tax you owe. There are several different types of tax credits, including the basic personal credit, the age credit, and the disability credit.

Given under my hand at Stettler this 18th day of September, 1963.

D. H. CANADINE
Returning Officer.

Systemic Insecticides For Louse and Grub Control

Systemic insecticides are the most effective way to control house and garden pests. They are absorbed by the plant and travel through its vascular system to the roots, leaves, and flowers. This means that the insecticide is present wherever the pest is likely to be found. Systemic insecticides are available in a variety of forms, including granules, liquids, and sprays. They are easy to use and provide long-lasting protection for your plants.

Applying Fertilizer in the Fall

Applying fertilizer in the fall is a great way to prepare your lawn for the winter. It helps to replenish the soil and promotes root growth. Make sure to use a high-quality fertilizer and apply it evenly across the lawn. Water the lawn thoroughly after fertilizing to help the nutrients sink into the soil.

Removing Weeds Along Fence Lines and Back Lawns

Weeds can be a real nuisance, especially along fence lines and back lawns. They can take up a lot of space and make it difficult to maintain your lawn. There are several ways to remove weeds, including hand-pulling, using a weed puller, or applying a herbicide. Make sure to choose the right method for the type of weeds you are dealing with.

Huge Cases But Little Meat!

As the weather grows colder, the meat market is expected to be a busy one. However, the meat industry is facing a serious problem. The meat supply is expected to be short, and the prices are expected to be high. The meat industry is expected to be a busy one, but the meat supply is expected to be short, and the prices are expected to be high.

The answer to the question—how can you get the most out of your money?

From the advertising world, the answer is simple. You can get the most out of your money by using the right advertising agency. The right advertising agency can help you to reach the right people, at the right time, in the right place. This is the key to successful advertising.

As a result, the amount of time that the average person spends in the office has increased, which means that a single day's work tends to take more time to complete. But, says the author, "the time that is spent in the office is not necessarily wasted time. It can be used to do things that are more productive than the things that are done at home."

Registration For Band Instruction Disappointing

Registration for the band instruction program at the Stettler High School, which is being held by the Stettler Band Association, has been disappointing. The association has received only a few registrations for the program, which is being held from November 1 to 15. The association is hoping to have a larger turnout for the program, which is being held in the gymnasium at the high school. The program is being held for students in grades 7, 8, and 9. The association is hoping to have a larger turnout for the program, which is being held in the gymnasium at the high school. The program is being held for students in grades 7, 8, and 9.

Fired Up Wildcats Beat Poncha For First Time

By Ann Johnston
 The Stettler Wildcats, a team of young men from the town of Stettler, Alberta, have won their first game in the history of the team. They defeated the Poncha team 10-0 in a game played on Saturday, November 10, at the Stettler rink.

The game was a hard-fought one, with the Wildcats showing great skill and teamwork. The Poncha team, who have been undefeated in their previous games, were outplayed by the Wildcats in every phase of the game.

The Wildcats' victory was a great morale booster for the team, and they are looking forward to more games in the future. The game was well-attended, and the crowd was very enthusiastic.

Bill Graham Heads Royal Canadian Legion

Bill Graham, president of the Royal Canadian Legion, with other members of the board of directors.

Impressive Remembrance Services Held At Stettler

Services were held at the Stettler Legion hall on Wednesday evening, December 12, for the purpose of remembering the fallen soldiers of the First World War. The services were held in the presence of a large number of guests, including members of the Legion and their families. The services were conducted by Rev. J. P. 6 to 5, who gave a moving address on the sacrifice of the fallen. The services were held in the presence of a large number of guests, including members of the Legion and their families.

Imperials Drubbed Twice; Juv. Take J.P. 6 to 5

The Imperials football team were defeated twice in their recent games, while the Junior team took a narrow victory over the J.P. 6 team. The Imperials were defeated by the J.P. 6 team in a game played on Monday evening. The Junior team took a narrow victory over the J.P. 6 team in a game played on Tuesday evening.

Graham's Robbed Again

Bill Graham, president of the Royal Canadian Legion, has been robbed again. This time it was a small sum of money that was stolen from him. The robbery took place on Wednesday evening, December 12, while Graham was walking home from the Legion hall.

Hockey Season Will Feature Three Teams

The hockey season in Stettler will feature three teams, the Stettler Legion team, the Stettler Junior team, and the Stettler J.P. 6 team. The season will begin in January and will run through the end of the year. The teams will play a number of games against each other and against teams from other towns.

Board's Annual Meeting Thursday

The annual meeting of the board of directors of the Royal Canadian Legion will be held on Thursday evening, December 13, at the Legion hall. The meeting will be held in the presence of all the members of the board.

150 Have Won Dells In Contest

Fifty-five people have won dells in a contest held by the Stettler Legion. The contest was held on Wednesday evening, December 12, and was won by a large number of people. The dells were won by people of all ages and from all parts of the town.

New Pastor At Stettler Baptist Church

A new pastor has been appointed to the Stettler Baptist Church. The new pastor is Rev. J. P. 6, who will begin his duties on January 1, 1935. Rev. J. P. 6 is a well-known minister and will be a great asset to the church.

Annual Santa Claus Parade

The annual Santa Claus parade will be held on Saturday evening, December 15, in Stettler. The parade will feature Santa Claus, his reindeer, and a large number of children. The parade will start at the Legion hall and will end at the town square.

2,000 Black Calves Sell Well At Auction Mart

A large number of black calves were sold at the auction mart on Wednesday, December 12. The calves were sold for a good price and the sale was a success. The calves were sold by the Stettler Legion and were a great asset to the town.

Evangelistic Team To Visit Stettler

An evangelistic team will be visiting Stettler on Friday and Saturday evening, December 14 and 15. The team will be made up of members of the Stettler Baptist Church and will be giving a series of evangelistic services.

Donalds Restricts Use Of Fire Truck In County

The Donalds fire department has restricted the use of their fire truck in the county. The restriction is due to the fact that the fire truck is too large to travel on the narrow roads of the county. The Donalds fire department will only use the fire truck in the town of Donalds.

From Monday, 11 November 1996, to 15 November 1996, the following information was provided:

[illegible]

An aerial, black-and-white photograph showing a traffic jam on a multi-lane highway. Several cars are visible, including a large white truck in the upper left, a dark sedan in the upper right, a white sedan in the middle left, and a dark sedan in the middle right. The cars are closely packed, indicating slow or stopped traffic. The perspective is from directly above, looking down on the road.

BEHIND THE LEXICON CHEVROLET: For long-time Chevy fans, there's a lot to like about the new Camaro. Chevrolet now built this car during the sports-car boom, and it's a lot better than the others. It's got a lot of power, and it's got a lot of style. It's got a lot of things that make it a lot better than the others. It's got a lot of things that make it a lot better than the others.

See the entirely different line of cars at your Chevrolet Showroom—CHEVROLET, CHEVY, CHEVY II, CHEVY & COMPANY.

the 1970s, the 1980s, and the 1990s. The 1970s were characterized by a strong emphasis on the environment and social justice. The 1980s saw a shift towards economic growth and technological advancement. The 1990s were marked by a focus on globalization and international relations. These trends have shaped the political and social landscape of the United States and have influenced the policies of various administrations.

1943 Accident Free Days By Stettler Firm

The Stettler firm has announced that it has achieved a record of 1943 accident-free days. This is a significant achievement for a company of its size and type. The firm has attributed this success to its strict safety policies and the dedication of its employees. The firm has implemented a comprehensive safety program that includes regular safety training for all employees, strict adherence to safety protocols, and a strong commitment to safety as a core value. The firm has also implemented a system of incentives for employees who maintain a safe record. This system encourages employees to take safety seriously and to look out for each other. The firm's success in achieving 1943 accident-free days is a testament to its commitment to safety and to the hard work of its employees. The firm is proud of this achievement and is committed to maintaining this record for many more years to come.

GREETINGS FOR CHRISTMAS

"Let us go even unto Bethlehem,"
So spoke the shepherds, one to another as they
went to seek and find the Holy Child of whom the
angel sang. 'Twas Christmas, for the shepherds
to heart and spirit to Bethlehem
and the sacred manger. Let the miracle
of His birth and the joy of His message ever
be our blessing and inspiration.

As the radiance of that Holy Night shines
across the years and the world
rejoice, our thoughts turn to His
wonder, saying all to brotherhood and we
feel it is especially fitting at this
Christmas to express anew our
cordial greetings and good wishes to our
many valued friends. May your
Christmas be a wonderful one.

— One Holiday Has Many Rituals —

Christmas is a time of many rituals, many of which are ancient and have been passed down from generation to generation. The rituals of Christmas are a part of the holiday's magic, and they are what make it so special.

One of the most common rituals of Christmas is the exchange of gifts. This tradition has its roots in the story of the Three Kings, who brought gifts to the infant Jesus. Today, we exchange gifts with our family and friends as a way of showing our love and appreciation for them.

Another common ritual is the Christmas dinner. This is a time when families gather together to share a meal and spend time with each other. The dinner is often a special occasion, with many people traveling long distances to be with their loved ones.

There are many other rituals associated with Christmas, such as the lighting of the Christmas tree, the singing of carols, and the telling of the Christmas story. These rituals are what make Christmas a time of joy and celebration for so many people.

A Merry Christmas

With genuine appreciation for your many favors and friendly good will, we take this opportunity to extend our warmest wishes to you and your family.
